In a town known for being the starting point of the world-famous Boston Marathon, our Hopkinton branch focuses on delivering convenience and hospitality. **Goldfish Swim School – Milford**

is a state-of-the art swimming facility dedicated to teaching children as young as 4 months old. Goldfish is much more than a swim school. You feel it the moment you walk in. Something different. It's more than vibrant colors chosen to inspire kids. More than a curriculum crafted to not only teach kids to swim but also to build their character through guided play. More than a shiver-free pool heated to 90 degrees. There's something more. Something unexpected. Something beyond typical. It's passion.

### New member Lunch Box Nutrition

At Lunch Box Nutrition we believe counseling with empathy and compassion builds the foundation for lifestyle change. Foods are not inherently bad or good; all foods nourish our soul or our body. Using a non-diet approach to nutrition, helps you feel empowered by eating. Together we will work through the challenging moments, to assess where changes can be made to work toward your goals.

### Hometown Hospitality

Hometown Hospitality is a personal welcome service that introduces new residents to the community and connects our new neighbors to local businesses, services and professionals. Instead of spending hours online relying on strangers' reviews, trust a local resident with lots of personal experience, to point you in the right direction. Please explore our website for more information and answers to frequently asked questions.

Focused on Hopkinton's economic well-being.
