

Message from Chamber President, Cristina Morrissiey

Hello Hopkinton Chamber members and community, The Chamber continues to monitor the COVID-19 situation and the impacts to our Chamber business members and town. The Chamber Executive Board and Committee Chairs look to share relevant information as it becomes available, are assessing the continuity of Chamber initiatives during times of social distancing and brainstorming new ideas to support businesses during closures and/or limited interactions. In difficult and uncertain times like this, it's even more important that we come together and **support all local businesses!** If you're a local business owner, know someone who is, or just want to help support, then please feel free to reach out to the Chamber, subscribe to our communications, submit newsletter content for your business or share a short video of your offerings during this unprecedented time. Please know, the Hopkinton Chamber is here for you and your business!! We will get through these trying time together!
Best wishes to everyone - stay well.

Platinum Physical Therapy

Our Platinum Physical Therapy locations are open for patient care! We understand that some injuries and conditions require in person treatment, and physical therapy is essential to returning to a patient's prior level of function. We have put new protocols in place to ensure patient and staff safety, including phone screenings, limited staff on-site at a time to allow for social distancing, and an increased focus on our already regimented cleaning schedule. For those not comfortable in the clinic, we will continue to offer Telehealth appointments with our skilled therapists. Call our offices or email info@platinumptma.com for information about our protocols or to schedule an appointment today! (508) 544-1540

Squeezing the Colleges for More Aid

The financial aid letter arrived March 2nd. It seemed OK at the time.

One month later, everything has changed. It is time to inform the financial aid officer that your circumstances have changed significantly.

You need to follow a specific process, which differs by school, and you need to do it today. Some schools have forms, many do not. But all of them make the appeal process hard to decipher.

I am here to help. This is a service that I am offering at no charge in light of Covid – 19. Time is of the essence, and I can coach your brother through the issue. Ask him to give me a call, or if he wants me to setup a Zoom call.

WHY BECOME A MEMBER OF THE HOPKINTON CHAMBER OF COMMERCE?

You just opened a business in the area and you're excited to get started. Now that you finished the paperwork, hung a sign above your door, and swept the entire place, it's time to figure out your marketing strategy. That's where a chamber of commerce comes into question. *By definition, this is an organization that exists to help promote a business community. They're local to where you set up shop and serve as a way to bring together all the professionals in town.*

No one is going to know you exist if you don't put yourself out there. Every time you're mentioned online by the Chamber, you may get yourself a free link. The more links you have from other websites, the higher you rank on Google. Plus, people who are moving into the area or who are looking for something cool to check out in the community will easily know about you.
